

White Coffee launches dark roast concentrate

White Coffee Corp's new dark roast bag-in-the box liquid coffee concentrate offers a more robust, full-bodied taste and comes in both regular and decaffeinated. The concentrate system gives operators cost effectiveness and the convenience of less time and labor. Made from the highest quality beans, the concentrate is shelf-stable and maintains flavor and aroma at ambient temperatures for up to six months. The product is packed in two one gallon bags to a case. Visit www.whitecoffee.com. Call 618-204-7900 or outside NY State, 800-221-0140.
